OBJECTIVE

As a MERN stack developer, I'm skilled in JavaScript for dynamic interfaces and have built user-friendly web apps with React.js. I create scalable server-side applications using Node.js and design efficient MongoDB databases. Proficient in HTML/CSS, I ensure visually appealing frontend components. I excel in RESTful APIs, Git/GitHub, debugging, and deployment. My collaborative approach, problem-solving skills, and commitment to learning contribute to effective development in line with industry trends.
